## EXPERIENCE

### Digital Nest | Modesto, CA — Software Development Associate

August 2025 - PRESENT

- Collaborated with a team of developers to build and maintain professional websites and software solutions for clients
- Developed front-end and back-end functionality using JavaScript, PHP, HTML, CSS, React, and WordPress
- Assisted with troubleshooting website issues, debugging code, testing functionality, and resolving technical problems
- Used GitHub for version control and team collaboration across projects
- Worked with APIs, databases, and content management systems to meet project requirements and deadlines
- Provided technical support and communicated with team members and clients to ensure project success

### Mathnasium | Manteca, CA — Math Instructor

May 2025 - September 2025

- Explained technical and mathematical concepts clearly to students with different learning styles
- Used problem-solving, analytical thinking, and communication skills to improve student performance
- Adapted quickly to different student needs and learning challenges

### Classic Tree Service | Hickman, CA — Crew Lead

May 2018 - PRESENT

- Operated equipment safely and efficiently while coordinating daily tasks with team members
- Managed crews and helped maintain productivity and organization on job sites
- Demonstrated strong leadership, communication, and

## TECHNICAL SKILLS

**Technical Support:** Hardware troubleshooting, software installation, system configuration, account setup, password resets, basic networking

**Networking:** Wi-Fi troubleshooting, IP configuration, SSH, remote desktop tools, VPNs, Tailscale, NordVPN Meshnet

**AI & Data Science:** AI model inference, computer vision, AI-generated video detection, survey analysis, Python data workflows

**AI Tools & Libraries:** Python, PyTorch, Hugging Face, OpenCV, Jupyter/Colab, model evaluation workflows

**Development Tools:** Git, GitHub, VS Code, Postman, MongoDB Compass  
**Databases:** MongoDB, MySQL, SQL

**Programming Languages:** JavaScript, Python, TypeScript, C++, SQL, PHP

**Web Development:** HTML, CSS, Tailwind CSS, React, Next.js, Node.js, Express.js, REST APIs, WordPress

**Cloud & Deployment:** Vercel, Heroku, basic deployment workflows

problem-solving skills in fast-paced environments

## AWARDS

### McDonald's | Waterford, CA — *Crew Lead*

November 2022 - August 2024

- Supervised team members during shifts to ensure efficient operations and customer satisfaction
- Trained employees on safety procedures, equipment usage, and workflow processes
- Solved operational issues quickly in a high-volume environment

**SEM Award**– a certificate for excellence in a science course at MJC for Math-171/ Calculus course

## EDUCATION

### Modesto Junior College | Modesto, CA — *Mathematics A.S-Transfer Degree*

Completed April 2026

#### Relevant Coursework:

- **Computer Science:**  
Introduction to Programming, Programming I & II, Discrete Structures & Algorithms
- **Mathematics:**  
Calculus I–III, Ordinary Differential Equations, Statistics

### California State University, Stanislaus | Turlock, CA *Planned Transfer — B.S. in Mathematics*

Anticipated Start: Fall 2026

## CERTIFICATIONS

### UC Davis Continuing and Professional Education | Davis, CA *Certificate in Full Stack Web Development*

June 2023 - December 2023

#### Skills & Technologies:

- Front-End: HTML5, CSS3, JavaScript (ES6+), jQuery, Bootstrap, React.js
- Back-End: Node.js, Express.js
- Databases: MongoDB, MySQL
- Other: Git/GitHub, RESTful APIs, responsive design, deployment basics
